

Tyne and Wear County Netball Association - 2020 AGM

Membership Report

Well done to everyone for getting their players on to Engage. Hopefully in the coming season things will be a lot easier. Engage is providing a really good source of information about qualified Umpires, Coaches and general membership. The County will be looking to utilise other features of Engage in the coming season.

England Netball have a range of online training documents and video's which help in using Engage and we would encourage clubs to ensure they have a couple of members who are familiar with the various features. In particular, we will be looking at the Competition section of Engage and considering whether it is appropriate for us to use moving forward.

Membership Fees

	England Netball	T&WCounty	NE REgion	Total 2020-2021 Season
Over 18	36.00	5.00	3.00	£36.00
Under 18	16.30	1.70	0.00	£16.30
Under 14	8.55	0.00	0.00	£8.55
Under 11	5.10	0.00	0.00	£5.10

The County Association have made the decision to remove the county add-ons to membership fees for the coming season – 2020-2021. The North East Region are also removing their add-on to the membership fee for the 2020-2021 season.

The County Association have agreed to use existing resources to fill the gap left by the loss of the income normally received through this source. Services normally funded through this income for example the website, handbook, coach bursaries and training, umpire mentoring and training and support for junior development and competition will all still take place where practicable.

2020 Memberships

As a county we are committed to restarting netball competition as soon as it is practical and would encourage all members who plan to play this season to re-join as soon as Engage is open. Remember that as well as providing insurance for injuries sustained in training, your membership also provides cover for officials. This includes coaches or anyone undertaking a formal role within a club structure for example a safeguarding officer.
