Ann Jones *	1	2	3	4

Notes for Captains or whoever is in charge of the team sheets!

Please put the name of your team **FIRST** and the name of your opponents **SECOND**. If you are a multi team club you **MUST** put the full name of the team including the A, B, C, etc.. don't just put the name of the team!

Please try to get the Division right too!

You must enter the full names of the players in your team – see left!

Also use the surname that they are affiliated as.

***** you **MUST** put an asterisk next to the name of any player who is playing up for a higher team.

Don't forget to 'star' the names of players who are named as subs too.

Also make sure you circle the quarters that the sub played. If the player named as a sub didn't take the court put a line through their name, otherwise it will be assumed that the player took the court! If the sub was a player from a lower team then that will count towards them playing up!!!

Awards / Comments:

In the box below enter the name of an umpire, player or team you think should be considered for an award and the details of the nomination or any comments you want referred to the County Committee. Alternatively you can feedback comments to the committee via the TWCNA website, go to Contact Us.

Please ensure you hand this sheet in on the night of the match. Thank You.

Please make sure before you hand the sheet in that the match won by and the score are correct. Sounds daft but there are sheets handed in with different winning teams and scores!

If for any reason you don't get the signatures of both umpires, write in the name of the other umpire.

If you would prefer not to write your comments on the sheet before you hand it in you can submit comments via the website. This is a new option.

1. www.tyneandwearnetball.net

2. Contact Us

3. In the subject field select general enquiry for a Match issue or Umpire issue for a comment relating to the officiating of your match. The Umpire Issues will go directly to the Officiating Secretary.

If you do make a comment please try to make it as constructive as possible including all the information you have.

Please remember that issues relating to matches should be raised and resolved during the match if possible. If players are unhappy about something then the Captain should approach the two umpires between the quarters – don't wait until the end and then write it on the sheet, there is not a lot that can be done once the match is complete! The two umpires are in charge of the match and are empowered and should take any action they deem appropriate when issues are reported to them.

FINALLY PLEASE HAND IN YOUR SHEET ON THE NIGHT!
